Dear Friends,

The World Needs Us as Never Before!

Interfaith Community Sanctuary is on the move! Despite all we face today with COVID-19, racial injustice, economic uncertainty and climate change, we have opened up our ability to reach out across the globe with the message of Interfaith Unity, Peace, and Earth Care. We are Zooming around and our precious Sanctuary is growing into a global community.

Sunday services, meditation and worship circles, retreats, classes, book clubs, study groups... if your life has been enriched by the growth, love and friendship found in this community, please help us keep these blessings flowing! GIVE TODAY: http://interfaithcommunitysanctuary.org/

As stewards of this historic landmark building, we have relied on the generosity of all the groups who have met in our Sanctuary, and this has shifted in the current environment. Can you help us fully engage in our mission of serving humanity by making a generous donation today?

We are also in the process of building a fund to assist members and neighbors in need during this challenging time. All this can be accomplished with your GENEROUS DONATION: http://interfaithcommunitysanctuary.org/
