# **SILENT VIGIL**

**THIS SILENT VIGIL IS**

**A NON-POLITICAL ACT OF MEMORIAL**

The suicide of enlisted men and women from all wars is a national tragedy. In order to honor these men and women and express concern and care for their families and loved ones, we hold this SILENT VIGIL. Whether veteran or civilian, we will identify our intention to maintain Silence by wearing an armband of any color or simply rolling up a sleeve. When the armband is removed or sleeve rolled down, that person has paused or concluded their Silent Vigil. Taps will be played every 30 minutes.
