

**Interfaith Community Sanctuary  
is a community dedicated to  
spiritual healing and fellowship.**

**It seeks to create a safe and welcoming space  
for all seekers of divine wisdom.**

In this time of the global COVID pandemic it is difficult to keep a large space like the sanctuary physically safe against COVID transmission. To that end we all need to do our part.

For its part, the sanctuary will provide a clean, well ventilated meeting space, with wide-spaced seating. We will also provide masks, hand sanitizer, and COVID-19 antigen rapid self-test kits.

We encourage you: to get vaccinated, if you are healthy enough to do so; to stay home if you are feeling even slightly ill, vaccinated or not; to wear a mask, as long as doing so does not impair your ability to breathe properly; to take a free COVID-19 antigen rapid self-test prior to joining the congregation; to refrain from shaking hands or other bodily contact.

If we all do our part, we can continue to make the Interfaith Community Sanctuary the welcoming and inclusive space it has always been, and our communal space as safe as is humanly practical.
